Wildlife and Parks Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Wildlife and Parks Commission at 7 p.m. Wednesday, October 28, at the Pratt Operations Office, Route 2, Box 54-A (2 miles east of Pratt on Highway 54 then south 1 mile on Highway 64), to consider the adoption of several department regulations. If necessary, the public hearing will continue at 9 a.m. Thursday, October 29, at the same location. There will be a public comment period at the beginning of the meeting and additional comments may be taken during the meeting on agenda items.

A workshop meeting on upcoming business of the Wildlife and Parks Commission will begin at 1:30 p.m. October 28 at the Pratt Operations Office. The public will also be given the opportunity to comment on any item at the beginning or during the meeting. The meeting will recess at 5 p.m., then resume at 7 p.m. at the same location for the regulatory meeting. Old and new business may also be discussed at this time.

If necessary, the commission will reconvene October 29 at 9 a.m. for the continuation of any business not completed the prior day. Should this occur, time will be made available for public comment.

If notified in advance, the department will have an interpreter available for the hard of hearing. To contact the department for this or any other reason, members of the public with a hearing impairment may call the TDD service at 1-800-766-3777. All public meeting areas are accessible to those who are physically disabled.

This 30-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations.

All interested parties may submit written comments prior to the hearing to the chairman of the commission,

Kansas Department of Wildlife and Parks, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The regulations which will be heard during the regulatory portion of the meeting include the following:

115-8-6. Fishing, fish bait and seining. This permanent regulation is proposed for amendment. The amendments would prohibit the use of set lines and trot lines for fishing in state fishing lakes and in the waters of Crawford, Meade and Scott state parks.

Economic Impact Summary: No impact on anglers is anticipated, as state fishing lakes and the mentioned parks have been closed to the use of trot lines and set lines by posted notice. The use of a regulatory closure should result in less confusion to anglers.

115-25-1. Game birds; open seasons, bag limits and possession limits. This exempt regulation was recently amended, but resulted in an omission error. The pheasant season was intended to be specific to "rooster" pheasant; however, that distinction was not made. The distinction is being made in the proposed action on 115-25-1.

Economic Impact Summary: No impact will occur, as this amendment will result in a continuation of the same type of pheasant hunting season as experienced in Kansas for many years.

115-25-6. Turkey; spring season, bag limit, permits and game tags. This exempt regulation establishes the 1993 spring turkey hunting season. Recommendations are similar to the 1992 season with the primary change being an increase in second turkey tags in Unit 2 from 2,000 to 3,000.

Economic Impact Summary: It is estimated that 15,020 turkey permits and 3,000 game tags would be issued under the proposed season. This would provide an estimated revenue of \$321,300 to the department and represents an equal expenditure by those members of the public who choose to participate.

115-25-10. Deer; special firearms season, bag limits, permits and applications. This proposed exempt regulation establishes a special deer season in January in a portion of southeast Kansas. A total of 1,700 special permits and unlimited hunt-on-your-own-land permits is recommended as is a bag limit of three antlerless deer.

Economic Impact Summary: It is estimated that 1,700 special permits and 210 hunt-on-your-own-land permits would be issued under the proposed season. This would provide an estimated revenue of \$50,580 to the department and represents an equal expenditure by those members of the public who choose to participate.

(10) the actual cost paid by the simulcasting licensee to the racing form or like entity to acquire information on past performance lines; and

(11) other costs, if the commission grants prior approval for the costs.

(b) Expenses claimed by the licensee shall not exceed the revenues received by the licensee for a simulcast race or program. No licensee shall carryover expenses from one simulcast race or program to a future simulcast race or program. from the respective greyhound owners' group or recognized horsemen's group, or both, as appropriate. Each condition of a simulcasting license shall apply to any change in the simulcasting schedule. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

112-18-8. Fee for simulcasting race or performance. There shall be no additional race day fee for simulcast races or programs conducted on the same day as live races. Each simulcast race or program displayed on a day when live races are not conducted shall constitute a race day, and each simulcasting licensee shall pay a license fee for the simulcasting race day that is identical to the license fee it pays for a live racing day. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

112-18-9. Duties of receiving facility. (a) A simulcasting licensee that conducts parimutuel wagering on a simulcast race or program acts as a receiving facility on those dates. Each receiving facility shall provide:

(1) communication facilities, which include all wire, radio, optical, satellite or other electromagnetic systems used to receive audio and visual transmissions between the sending racetrack, host facility and the receiving facility; and

(2) two voice communication systems between the receiving facility and the sending racetrack or host facility providing timely voice contact between the stewards or racing judges and the mutuel departments at each racetrack or facility.

(b) Before the beginning of the transmission of the first simulcast race or program of each day, each receiving facility shall initiate a test program of its receiver, decoder and data communication to ensure proper operation of the system. If a test program run under this subsection is unsuccessful or indicates a malfunction of any component of the receiving system, the licensee shall not conduct parimutuel wagering on a simulcast race or program until a successful test program is completed.

(c) After each simulcast race or program, each receiving facility shall provide the reports of its parimutuel operations as required by K.A.R. 112-9-8 for both simulcast and live races. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

112-18-10. Duties of sending racetrack. (a) A simulcasting licensee that simulcasts races conducted by the licensee acts as a sending racetrack on the dates the races or program are conducted and simulcast.

(b) Each sending racetrack shall be responsible for the content of the simulcast and shall use all reasonable efforts to present a simulcast which offers the viewers an exemplary depiction of the performance, continuity

of programming between racing events, and, if it is also acting at the host facility for a combined wagering pool, a periodic display of wagering information.

(c) Each sending racetrack shall provide transmission equipment of acceptable broadcast quality that does not interfere with the closed-circuit television system of the receiving location.

(d) Each simulcast shall be encrypted using a time displacement decoding algorithm encryption system or an equivalent encryption system approved by the commission.

(e) Unless otherwise permitted by the commission, each simulcast must contain in its video content:

(1) the date;

(2) a digital display of the actual time of day at the sending racetrack;

(3) the name of the sending racetrack;

(4) the number of the race being displayed; and

(5) any other relevant information available to patrons at the host racetrack.

(f) Before the beginning of the transmission of the first simulcast race or program of each day, each sending racetrack shall initiate a test program of its transmitter, encryption equipment and data communication to ensure proper operation of the system. If a test program run under this subsection is unsuccessful or indicates a malfunction of any component of the sending racetrack's system, the simulcasting licensee shall not transmit any races until a successful test program is completed. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

112-18-11. Emergency procedures. (a) No simulcasting licensee shall accept wagers on a simulcast race until it is receiving both the audio and video signals from the sending racetrack.

(b) If the simulcasting licensee loses the audio or video signal from the sending racetrack, it immediately shall notify the sending racetrack of the lost signal.

(c) If the audio or video signal is lost, the simulcasting licensee shall establish a telephone linkup between the sending racetrack's announcer and the simulcasting licensee's public address system. The licensee may continue to accept wagers with the telephone linkup while attempting to reestablish the audio or video signal, or until post time for the simulcast race.

(d) If both the audio and video signals are lost and the telephone linkup cannot be established, the simulcasting licensee shall cease accepting wagers and immediately order a refund of all monies wagered into the pools for that race. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

112-18-12. Combined wagering pools, general provisions. (a) With the prior approval of the commission, parimutuel pools offered by a simulcasting licensee that participates in a simulcast may be com-

bined with corresponding wagering pools offered by the other racetracks or facilities that participate in the simulcast to form a combined wagering pool.

(b) Each contract governing participation in a combined wagering pool shall be submitted to the commission for approval in accordance with K.A.R. 112-18-3(a)(8).

(c) In determining whether to approve an interstate combined wagering pool that does not include the sending racetrack, the commission shall consider, and may approve, the use of a wager that is not used at the sending racetrack.

(d) Any wager that has been approved for the use of the simulcasting licensee may be offered, although types of pools that require more races than those included in the simulcast may not become part of the combined wagering pool.

(e) The content and format of the visual display of racing and wagering information at facilities in other racing jurisdictions in an interstate combined wagering pool need not be identical to the information required to be displayed by these racing regulations. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

112-18-13. Formation of combined wagering pool. (a) Wagering data shall be transmitted through one of the methods authorized by this paragraph in the following order of preference:

- (1) via a dedicated leased line data circuit;
- (2) via a dial-up data circuit;
- (3) via telecopy or facsimile machine on a separate telephone line; or
- (4) by voice via cellular or dial-up telephone.

(b) Each guest and host facility shall have adequate equipment to transmit the wagering data by any of the methods listed in paragraph (a) of this regulation.

(c) Except as otherwise provided in this paragraph, the odds and prices for a combined wagering pool shall be calculated in accordance with the laws of the jurisdiction where the host facility is located. In determining the amount distributable to the wagerers, each simulcasting licensee shall use the total takeout required in the jurisdiction where the host facility is located except as provided in 1992 SB 383, Sec. 2(j)(2). The simulcasting licensee may use the net pool pricing method for determining the payoff prices.

(d) Each simulcasting licensee shall ensure that the necessary records are maintained regarding the amounts wagered at its racetrack for accounting, auditing and reporting purposes. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

112-18-14. Distribution of combined wagering pools. (a) Each wager is made at the point of sale in the state where the wager is placed.

(b) Each payoff attributable to the simulcasting licensee shall be based on the actual winnings indicated by the totalisator wagering data.

(c) Each total takeout applicable to the wagers received in this state for a combined wagering pool shall be distributed in accordance with the Kansas pari-mutuel racing act. Each gain or loss caused by a difference in takeout totals shall be part of the simulcasting licensee's revenue or expense from the interstate simulcast.

(d) Each surcharge or other withholding, other than the takeout authorized by law, shall be applied only in the jurisdiction imposing the surcharge or withholding. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

112-18-15. Breakage, interstate combined wagering pool. The ratio of each simulcasting licensee's allocation of the breakage to the total breakage in an interstate combined wagering pool shall be equal to the ratio of the dollars contributed to the combined wagering pool from the simulcasting licensee to the total amount of the combined wagering pool. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

112-18-16. Report to commission, combined wagering pool. Each simulcasting licensee participating in a combined wagering pool shall submit to the commission a report on the pool not later than the close of the next business day after the date of the race or program for which the pool was formed. Each report shall contain:

- (1) the total amount of the combined wagering pool;
- (2) the total amount of the combined wagering pool generated by wagers received in this state;
- (3) the total winnings for the combined wagering pool;
- (4) the total winnings attributable to wagers received in this state;
- (5) the total commission derived from the combined wagering pool; and
- (6) the total commission derived from the simulcasting licensee's share of the combined wagering pool. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

112-18-17. Manual merge. (a) If the guest facility's computer system fails to adequately transmit wagering data to the host facility, the host facility may manually merge the pools if a manual merge will not endanger the pools at the host facility.

(b) To merge the pools manually, each guest facility's parimutuel representative shall notify the host facility via telecopy or facsimile machine of the total amount in the pool, the total dollars on winning wagers and the total dollars on the losing wagers in the pool. For purposes of declaring the race official, the stewards or racing judges at the sending racetrack and the presiding steward or racing judge at both the host

(continued)

facility, if different from the sending racetrack, and guest location shall be notified when the procedure is complete. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

112-18-18. Failure to merge. (a) Except as otherwise provided by this regulation, if it becomes impossible to successfully merge a guest facility's wagers in the combined wagering pool, each simulcasting licensee shall make an announcement to the patrons explaining the circumstances and shall refund the monies that were not successfully merged into the combined wagering pool.

(b) Each contract for combined wagering pools entered into by a simulcasting licensee shall contain a provision stating that the simulcasting licensee is not liable for any measures taken which may result in a guest facility's wagers not being accepted into a combined wagering pool formed by the licensee if for any reason:

(1) it becomes impossible to successfully merge the wagers placed in another state in the combined wagering pool formed by the simulcasting licensee; or

(2) the commission's or simulcasting licensee's representative determines that attempting to transfer pool data from the guest facility will endanger the simulcasting licensee's wagering pool. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

112-18-19. Responsibility for the accuracy of transmitted wagering data. The accuracy of all transmitted wagering data shall be the responsibility of the host facility. Responsibility will shift to a guest facility if the transmission of incorrect data would have been detected had the guest facility properly confirmed the transmitted check sum. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing L. 1992, Ch. 27, Sec. 2; effective, T-112-4-27-92, April 27, 1992; effective, T-112-9-10-92, Sept. 10, 1992.)

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 1 p.m. Monday, October 26, in Conference Room A, Building 740, Forbes Field, Topeka, to consider the adoption of proposed changes in an existing rule and regulation of the Department of Health and Environment. This regulation is proposed for adoption on a permanent basis. A summary of proposed regulation and its economic impact follows:

K.A.R. 28-14-2. Schedule of fees. The primary purpose for the modification of this regulation is to allow the laboratory to invoice public water supplies for analytical services following completion of the analyses rather than in advance. The current regulations require payment for analytical services on or before July 1 for services performed during the upcoming year. The change will permit the laboratory to bill for services on a quarterly basis following the completion of the analyses. This change has been made necessary by new federal regulations which no longer require a certain set of analyses to be performed on public water, but require analyses based on the results of previous analyses. Consequently, the analyses required for each water supply to meet federal regulations may differ considerably and the cost can no longer be determined in advance.

Costs of laboratory analyses for public water supplies are borne by the suppliers of regulated drinking water. These costs are ultimately passed along to the consumers of this water through increased user fees. The Kansas Department of Health and Environment is proposing these changes as a result of the implementation of Phase II and Phase V of the federal Safe Drinking Water Act and the implementation of the federal Lead-Copper Rules.

Proposed changes in this regulation remove certain parameters or groups of parameters previously listed which are no longer analyzed in public water supplies and add certain parameters which are now required under newly implemented federal regulations. The cost of each analysis or group of analyses is changed very little. There are three exceptions: (1) the increase from \$10 to \$10.50 per analysis for mercury to cover the increased cost of this test; (2) the increase from \$15 to \$35 per analysis for radon to cover the increased cost of this analysis in water; and (3) the decrease from \$50 to \$12.50 per analysis for cyanide as a result of a change in analytical technology and increased sample volume.
